Quoting ref: CR71/03177/18

Date 2 JULY 2018

Dear Sir/Madam

PROTOTYPE PARTS LIMITED

Company No: 04034335

I am advised that you have been sent reminders that the following confirmation statements(s) and accounts are overdue:-

Confirmation statement date 14/07/17

Accounts period ending 31/07/17 31/07/16

Annual returns date

As a director of the above named company, you are responsible for the delivery of these documents to the Registrar of Companies.

I have been asked to start criminal proceedings against you in respect of those documents, and/or any others, which have since become overdue.

A summons will be issued on 31 AUGUST 2018 without further warning unless by then all outstanding documents (including any falling due after the date of this letter) have been delivered and accepted at Companies House. If the company is no longer required, you may apply to have it removed from the register by completing and delivering an acceptable application for strike off by this date.

On conviction you may receive a potentially unlimited fine in respect of each confirmation statement and a potentially unlimited fine in respect of each set of accounts. In certain circumstances, you may also be disqualified from being a director or otherwise taking part in the management of a company for up to five years

The company will incur an automatic financial penalty for any accounts delivered late. This is separate from and not affected by any decision relating to the criminal proceedings.

Yours faithfully

Mandy Turner
